Dearest Mrs. Phool,

Teaching is such a profound and compelling profession. Without heart and passion, it is hard to have the blissful pathway. Wonderfully, you have become the shining star as the teacher. In your spirit and lifelong teaching, you've been exponentially built and groomed young talents at CHIJ. Thank you so much for your dedication. I can't express my gratitude enough on how tremendously it has been contributing to my life journey.

From the bottom of my heart -- Thank You So Much.
The "PRIDE" in you, my dear teacher.

With loves,

Dear Mrs. Phool

Thank you so much for all dedication for us throughout the time. You have made lots of differences in our life. We are who we are today because of you and our beloved CHIJ

Naphat Chanrod (Nash)

After getting a message from Narisa about your retirement, I was shocked by how fast time has passed. My latest time meeting both of you was my Bachelor's graduation photo shoot at school. I wish both of you saw my success in every part of my life. I never regret spending hard time throughout my high school as I'd got my best teachers' advice and become who I am today. Mrs. Phool and Mrs. Estela, because of you, I learnt many things and was given tons of opportunities. I have always been supported by both of you. Even though I had graduated for so many years, we were always keeping in touch and that made me feel grateful. Mrs. Estela texted me personally to cheer me up during my tough time few years back and we always give a wish to each other as we share the same birthday. On the other hand, Mrs. Phool has always given me her hand with my work and always ask after how I've been. Both of you are not only my best teachers, you are my mothers, advisors and friends who are always by my side. I wish both of you health and happy days in your retirement. Thank you for all your efforts to teach and put up with all naughty girls like us.

Thanks again for never forgetting and accompanying us through our good times and bad times. Always love you and will miss you so bad. Please take good care of yourselves. There's nothing else to say but 'Thank you, my most loveliest and favorite teachers.'

Dear Mrs.Estela,

did not realize how long time has passed until the day you will be retired. To me, you will always be as sexy and cheerful as 30th of age, Mrs.Estela.

Mrs.Estela is my first Supervisor in academic, in friendship and in life. I have first discovered my hidden leadership skill was because you found it in me. Never in my life, I would imagine myself as a school prefect, but you even believed in me as much as giving the position of Head Prefect of my last year in CHIJ.

I have had my first potential unlocking when you were my supervisor in 2nd year. I was terrified of giving speech in front of our 30 people classroom, but instead, you with some others had put me in a school's annual debate; and to my surprise, I won! Later on, I have accomplished more than I had dreamt about just because of this first unlock you have given me.

Thank you from the bottom of my sincerely grateful heart for shaping me in your time as my supervisor until who I am today. I wish you nothing but the best for your retirement and may you always be the light in people's lives just like you have been to mine.

Ms. I could never forget the taste of your delicious self-baked brownies on our Christmas party :)

To Ms. Estela, our beloved teacher,

Unbelievable, time flies so fast. We are just thinking how lucky we are to meet each other in a moment of life. Apart from being our teacher and Prefects' adviser, you are also our friend who give us support and good advices. You have made our high school life was so meaningful in both studying and relationship.

Last but not the least, we wish you have a happy and wonderful retirement life.

Girls of Batch 2009

To my Dearest Teacher,

It's been long time we haven't met since we graduated from the school. Teacher like you should be immortalized so that students can forever receive education that is truly prized.

Without our lovely teacher , we might have been lost. Thank you so much Ms. Estela for guiding us, inspiring us and making us what we are today.

We do love you.

Ms. Pichanuch Pholdeeyeam

To Mrs.Estela

Because of her cheerful characteristics, I always remember the beauty of her smiles and the sound of her laughter. She was one of the prefect advisors during my term, she had encouraged us to take initiatives for many school activities in which created the leadership in us. During the English typing class, you will probably remember her voice '1,2,3 start!'. I am sure now you can guess who am I talking about, that is our beloved Mrs Estela.

May I take this opportunity to thank Mrs Estela for her kind consideration and contribution to all of us, pink and grey girls. May the happiness and healthiness be with her always.

Best Regards,

Editorial Notes

....And we have come to the end of yet another exciting academic year! CHIJ bids farewell to our dear teachers - Mrs. Davinder Phool and Mrs. Estela Kulkiatpravat, who have been with us for over three decades and retire this academic year. We wish you both a happy and healthy journey ahead and hope that you will drop by to visit us whenever you get an opportunity.

At the same time, it is with much enthusiasm and anticipation that we await for the new batch of students to join our CHIJ family and looking forward to achieving new milestones in the near future.

Till then, take care and God Bless.
